

**SHOWBOATS INTERNATIONAL'S GUIDE TO THE
FORT LAUDERDALE INTERNATIONAL BOAT SHOW**

DESTRY DARR DESIGNS, INC

Specializing in comprehensive yacht interior design

An established interior design firm specializing in luxury yacht interiors, Destry Darr Designs is based in Fort Lauderdale. This talented team works locally, nationally and internationally to develop high-end custom interiors for a variety of clients with privately owned yachts, as well as for world-renowned yacht builders. From new construction to refit projects, Destry Darr Designs creates unique interiors with no limitations on design style.

The firm offers its clients a "total creative solution" for each custom yacht interior. This may involve creating a design concept totally from scratch or implementing a client's ideas in the most effective way. No matter how large or

small the project, Destry Darr Designs provides a superior level of personalized attention to its clients and endeavors to build lasting relationships with them.

"We believe that interior design is much more than creating attractive surroundings," says Destry Darr Pethtel, the firm's principal designer, who brings a wealth of experience and a rich family legacy in the yachting industry to the table. "Working closely with our clients, we strive to understand and accommodate their vision while implementing quality, comfort and continuity into the final design."

Creating a lasting impact is important to the overall design of a yacht, but effective space-

planning is key to a successful project. Destry Darr Designs incorporates both free-hand renderings and AutoCAD drafting to create design concepts; floor, ceiling and lighting plans, and detailed drawings of custom-designed cabinetry and furnishings to ensure that the end result is not only pleasing to the eye but also functional.

Each design project the firm undertakes achieves the perfect balance of innovative space planning and design, complemented by exotic woods, luxurious fabrics and furnishings and accented by unique accessories – all coming together seamlessly to create a rich, sophisticated look that imparts a casual, relaxed feeling. Destry Darr Designs seamlessly selects unique components such as loose furniture, window treatments, soft décor, art and accessories for each individual client that perfectly complement the interior theme. Working closely with clients, yacht builders, interior contractors and suppliers, the firm ensures that all aspects of the interior installation are fully coordinated and supervised. The end result is a look that satisfies the client's vision while respecting and optimizing the budget for the project.

"We are the best resource for clients who desire custom interior design and décor, combined with excellent personal service and support," says Destry Darr Pethtel. "The end result is an exceptional experience."
